

IPPV2 Conference Call Minutes

March 23, 2009

Meeting was called to order at approximately 4 pm (ET) March 23, 2009.

Attendees

Bill Wagner	TIC
Craig Whittle	Sharp
Ira McDonald	High North
Glen Petrie	Epson
Paul Tykodi	Tykodi Consulting

General Discussion

- ❖ A reminder of the PWG IP policy was given and no objections were raised.
- ❖ Minutes from the face-to-face meeting were accepted (see <ftp://ftp.pwg.org/pub/pwg/ipp/ippv2-minutes/IPPV2-ConCall-Minutes-20090309.pdf>).
- ❖ Update action items;
 - Preparing drafts for PWG Last Call in April incorporating comments from face-to-face and e-mail.
 - IPP/2.0 WG Last Call - Ira/Mike <ftp://ftp.pwg.org/pub/pwg/ipp/ippv2-wd/wd-ipp20-20090322-rev.pdf> / doc
 - IPP PSX WG Last Call - Ira/Mike <ftp://ftp.pwg.org/pub/pwg/ipp/wd/wd-ippstate10-20090208-rev.pdf> / doc
 - Production printing definition needs forward movement
 - Paul Tykodi and Pete Zehler (still open) - Forward IPP/2.2 list of operations and attributes to Production Printing domain experts for detailed feedback and to determine if implementations already exist
 - Paul has contacted production printing vendors to solicit help in developing the production printing specification.
 - Paul (still open) – Paul will read the issues on the front of the Set 2 document and will consider possible resolutions.
 - Pete Zehler and Ira McDonald (due mid year) - Complete working draft of IPP Production Printing - Should be in IPP v2.2 Set2 spec - Target April 2009 PWG Last Call

- ❖ Ira / Harry still need to register IANA considerations from the eight specifications.
- ❖ Ira reviewed some of the recent changes made <ftp://ftp.pwg.org/pub/pwg/ipp/ippv2-wd/wd-ipp20-20090322.pdf> / doc. See also <ftp://ftp.pwg.org/pub/pwg/ipp/ippv2-wd/wd-ipp20-20090322-rev.pdf>
 - Many of Glen's comments were incorporated
 - Comments from the face-to-face meetings were also incorporated
 - The change log has been updated
- ❖ Ira reviewed some of the changes needed to the PSX specification See <ftp://ftp.pwg.org/pub/pwg/ipp/wd/wd-ippstate10-20090208.pdf> / doc
 - Bill offered to help with the IANA considerations sections
- ❖ Ira / Harry still need to register specifications with IANA. Perhaps this process could be expedited by sending attributes as text files to IANA. We should let IANA do the work (especially since they are converting the registry to XML).
- ❖ Group should consider an interoperability event in the future.
- ❖ What can be done to motivate vendors like Microsoft to adopt (or at least allow) industry standard IPP functionality in their products (perhaps for IPP's 10th anniversary)?

Next Steps / Open Actions:

- ❖ See action items above
- ❖ Next teleconference will be two weeks.
