Internet Printing Project
Conference Call - December 4, 1996

The meeting was called to order at 4:06 PM

Attendees were:

Don Wright - Lexmark
Jay Martin - Underscore
Jim Walker - Dazel
Chuck Adams - Tektronix
Jeff Copeland - QMS
Keith Carter - IBM
Lee Farrell - Canon
Roger Debry - IBM
Pete Zehler - Xerox
Tom Hastings - Xerox
Carl-Uno Manros - Xerox
Scott Isaacson - Novell
Bob Herriott - Sun
Stan McConnell - Xerox
Bill Wagner - DPI
Randy Turner Sharp
Dave Kellerman - Northlake Software

1) Discussion on the BOF, 20 people had pinged indicating they will attend. Carl-Uno announced that there will be 1500-1600 total IETF attendees based up pre-registration information.

2) Don Wright will take the minutes during the BOF meeting in San Jose. Carl-Uno will record any issues raised during Don's presentation.

3) We will need to have 50 copies of the internet drafts and of the presentations at the BOF for handouts.

4) Review of the IPP-REQ.PDF document
- comments will be included in a new version

5) Review of the IPP-INFO.PDF document
- list of participants only to include conference call participants
- Should there be a single template for each physical printer or each logical printer – take off-line
- The presentation will match the internet-draft. Issues will be resolved later
- The directory services issue on LDAP was raised. An LDAP example will be provided.
- Does IPP compliance imply LDAP support?
- How should we deal with the issue of using HTTP versus something new?
- The goal is that the design should be implementable with CGI scripts
- The goal is that the server (httpd) should not be required to change

6) We will meet Tuesday (12/10) at 6PM for dinner. Bob Herriott will coordinate.

7) December 18th will be the next conference call. Dail-in number and access code will be posted to the mailing list. Everyone should remember to announce themselves once they dial-in during the next available pause in the conversation.

8) Discussion on a new method of holding discussions using other on-line methods such as discussion WEB pages. No resolution, Tom Hastings to investigate further.

9) Carl-Uno brought up the issue of developing some scenarios. Everyone recognized the need. Content:

- User interaction
- data flows
- etc.

The meeting concluded at 6:25 PM.
