# Imaging State & Counter MIB

---

- Last Call issues must be resolved or rejected and LCRC document generated (if necessary)
- PWG Steering Committee reviews Last Call process
- PWG Secretary announces a vote for Formal Approval to transition the document to Candidate Standard. Formal approval voting is announced and conducted via the PWG-ANNOUNCE mailing list. The announcement must contain all issues and their resolution, which occurred during Last Call. (LCRC document)
- The Formal Approval period must last at least 16 full working days.
- The PWG Secretary administers the Formal Approval process with the assistance of the Working Group Chair and the ISTO.

# Imaging State & Counter MIB

---

- Three possible votes allowed by the PWG Formal Approval process.
  - YES – MAY be accompanied by editorial comments
  - ABSTAIN – comments WILL NOT be considered
  - NO without Strong Opposition – MUST be accompanied by explanation of technical opposition
  - NO with Strong Opposition – MUST be accompanied by explanation of technical opposition

# Imaging State & Counter MIB

---

- Formal Approval requires
  - Votes by at least 25% of eligible members.
  - YES votes by at least 66% of votes (not including abstentions) when there is no Strong Opposition
  - YES votes by at least 80% of votes (not including abstentions) when there is Strong Opposition
  - At least 50% of votes (including abstentions) to be YES.

# Imaging State & Counter MIB

---

- Formal approval is not granted until the PWG Steering Committee reviews the process used to achieve Last Call and Formal Approval insuring the PWG process was followed with fidelity.
- After the Formal Approval process has completed, boiler plate revisions will be made to the document and the document will be published. All technical comments should be posted to the Working Group mailing list, addressed by the Working Group and the responses archived in the PWG FTP site.

# CIM Activities

---

- **Update of DMTF/CIM Printing MOFs ad CRs**
- **Introduction to CIM Alert Indications**
- **Next Steps**
